20 unique 'Social Distancing' street-art posters WALK

We've embraced the 'Social Distancing' project by Peter van der Helm - Walls and Skin, to sense the current 'one and half-meter society'. 8 street-artists interpret 'Social Distancing', resulting in 20 unique street-art posters presented in JCDecaux billboards at tram stops in the city Centre of Rotterdam. It's uncertain until when the posters are on display.

Be sensible, careful, respectful and keep a distance.

When you decide to find all 20 unique 'Social Distancing' street-art posters, select a quiet moment during the day or even when it gets dark, as the billboards are illuminated at night.
